

THE PERFECT SOLUTION

ATMOSEAL®

Adjustable curtain for trailers with varied height. ▶

Custom sized to insure a perfect seal. ▶

Backing is made with the highest quality pressure treated wood. ▶

Yellow guide stripe is vulcanized (heat sealed); not sewn. ▶

Long lasting and low maintenance. ▶

▶ Adjustable "split" curtain is an available option.

▶ Extra long lasting, high quality vinyl with U.V. stabilizer to prevent fading and cracking.

▶ Specially selected, high density memory foam reduces damage by compressing on all sides.

▶ Galvanized steel mounting brackets.

SERIES 0201

ADJUSTABLE CURTAIN DOCK SEAL

Designed to work best where doors are over 9'H and or where trailers vary in height, the 0201 is an economical way to form an air tight seal between the building and trailer for dock openings up to 10' W x 12' H. For added versatility the 0201 is also available with adjustable head curtain that can be easily positioned by one person from inside the building by means of rope and pulley after the trailer is in position. The resilient foam pads can be covered with a large selection of tough abrasion resistant fabric, creating a tight seal that blocks foul weather, insects and dust, while saving money on energy costs. The series 0201 Dock Seal will also protect personnel, product and equipment while increasing comfort, safety and productivity.
